EMPOWAYOUTH™ | PARTNER TO POWER THE YOUTH ECONOMY
Build talent. Open markets. Shape futures.

Young people are the workforce, entrepreneurs, consumers, and leaders who will shape our economy. Investing in their progress is an investment in business growth, institutional resilience and national competitiveness.

EmpowaYouth connects organisations, brands, media, government and development partners with opportunities to advance youth participation in the economy. Through an integrated portfolio of summits, industry experiences, policy dialogues, campaigns, intelligence and storytelling, we connect ambition with access, and access with practical pathways to skills, employment and enterprise.

Our partnership proposition: align your strategic priorities with relevant youth audiences, meaningful engagement and measurable outcomes.

Partners can support a focused intervention or build a broader programme across seven complementary platforms.

1. **EmpowaYouth Awards**
   Recognising Impact. Elevating Excellence.

A national awards programme celebrating organisations, changemakers and institutions delivering measurable youth empowerment. It brings effective interventions into public view, recognises leadership and creates opportunities to share approaches with the potential to scale.

Partner value: Associate your organisation with excellence, strengthen stakeholder credibility and help establish a benchmark for meaningful youth impact. Opportunities include category sponsorship, knowledge partnerships and amplification of recognised initiatives.

1. **EmpowaYouth Indaba**
   Ideas That Shift Systems.

A thought leadership forum bringing policymakers, business leaders and development agencies together to examine barriers to youth economic participation and develop implementable responses.

Partner value: Contribute sector expertise, inform policy discussions and build relationships around shared priorities. Partners can support thematic dialogues, working sessions and action agendas that connect institutional commitments with delivery.

2. **EmpowaYouth Experiences & Campaigns**
   Exposure. Inspiration. Activation.

Dynamic events and activations connecting young people with industries, role models and opportunities, from township career pop-ups to workplace immersions and innovation lab visits.

Partner value: Build brand relevance through useful experiences, introduce products and services in context, and connect young people with opportunities within your organisation. Campaigns can combine community engagement, practical education and permission-based follow-up.

3. **EmpowaYouth Summits: Weeks & Weekends**
   Immersive. Intensive. Impactful.

Focused, multi-day programmes combining workshops, masterclasses, mentorship and opportunity access to equip young people with practical skills, networks and tools.

Partner value: Engage prospective talent, support work readiness, identify emerging entrepreneurs and bring recruitment, skills development and enterprise support into one coordinated programme. Partners can contribute expertise, mentors, learning resources and tangible opportunities.

4. **EmpowaYouth Industry Summits & Experiences**
   Sector-Specific. Insight-Rich. Future-Driven.

Dedicated engagements connecting youth with the needs and opportunities of growth sectors, including agriculture, fintech, the green economy and creative industries.

Partner value: Strengthen sector awareness, introduce career and enterprise pathways, and connect future talent with industry requirements. Partners can shape sector programmes around relevant skills, supplier opportunities and emerging occupations.

5. **EmpowaYouth Insights & Trends**
   Intelligence That Informs Strategy.

An intelligence platform capturing and analysing youth perspectives, aspirations, behaviours and barriers to participation.

Partner value: Inform programme design, audience engagement and investment decisions with insights grounded in young people's experiences. Research partnerships can help organisations identify unmet needs, test assumptions and assess the relevance of their interventions.

6. **EmpowaYouth Content Studio**
   Stories That Inspire. Voices That Lead.

A youth-focused content hub producing podcasts, interviews and digital series that elevate young voices, share practical knowledge and showcase pathways to progress.

Partner value: Extend engagement beyond events through relevant, reusable content. Opportunities include commissioned series, expert conversations, branded educational content and media collaborations, with clear editorial and disclosure standards.

8. EmpowaYouth Speakers
Relevant Voices. Powerful Conversations. Lasting Impact.

A curated platform connecting organisations with compelling speakers, facilitators, moderators and role models for youth events and gatherings. From school and campus engagements to corporate programmes, community forums and industry conferences, EmpowaYouth brings relevant voices to conversations on leadership, careers, entrepreneurship, innovation and personal development.

Partner value: Strengthen your event with contributors who connect with young audiences, translate complex ideas into practical insights and inspire purposeful action. Speaker selection and session design align with your objectives, audience and theme to create an engaging, relevant and memorable experience.

A COMPELLING ROLE FOR EVERY PARTNER

Partner	Strategic value
Corporates and employers	Connect talent development, recruitment, enterprise support and social investment through programmes aligned with business priorities.
Brands	Earn relevance and trust by helping young people access knowledge, experiences and opportunities that matter to their lives.
Government and public institutions	Extend programme reach, improve access to public opportunities and convene delivery partners around youth development priorities.
Media organisations	Access youth voices, expert contributors, community stories and relevant content that strengthens public-interest coverage and audience engagement.
Funders and development agencies	Support defined interventions with agreed outcomes, delivery responsibilities and reporting requirements.
Education and industry bodies	Connect learning with workplace expectations, mentorship, sector exposure and enterprise pathways.

DESIGNED AROUND YOUR PRIORITIES. MEASURED AGAINST AGREED OUTCOMES.

Each partnership can combine **sponsorship & funding, programme co-creation, expertise, opportunity provision, media support or in-kind contributions**.

Together, we define the audience, geography, platform, deliverables, and measures of success. Depending on the intervention, these may include participation, learning completion, mentorship engagement, applications, interviews, placements, enterprise referrals, audience reach and content engagement.

The ambition is a clear progression: reach young people, engage them meaningfully and connect them with a practical next step.

LET'S BUILD YOUR EMPOWAYOUTH PARTNERSHIP

Whether your priority is developing talent, supporting entrepreneurs, strengthening brand relevance, extending public services or telling stories that move audiences, EmpowaYouth offers a platform to turn shared priorities into coordinated action.

We invite a 30-minute strategic conversation to understand your objectives and develop a tailored partnership proposition, with a clear role, a compelling audience opportunity and defined measures of success.
